

**MIG
INVERTER**

MIG MACHINE

ORT 200S X2 - PRO

Feature

- 01 Digital amp & voltmeter
- 02 Burn back control
- 03 Suitable for 0.6 to 1mm wires
- 04 Stable arc and reliable performance
- 05 Compact size, light weight & modern design
- 06 Idea for production, site work & maintenance
- 07 IGBT MIG/MMA inverter for the professional user

ORT 200S Model Specification

Power Supply	230 ± 15%	Insulation Class	F
Frequency (Hz)	50 / 60	Protection Class	IP 21
No-Load Voltage (V)	56	Weight (kg)	8
Welding Current (A)	40 - 180	Diameter of rod (mm)	0.6 - 1.0
Input Voltage (KVA)	4.8	Dimension (L x W x H)	390X165X280
Duty Cycle (%)	80	Dimension Box (L x W x H)	435X275X335
