

MMA INVERTER

MMA MACHINE

MMA 250 PRO - S4

Feature

- 01 ELCB on / off switch
- 02 Reinforced fan cooling system
- 03 Compact & tough body design
- 04 35 - 50 socket output for Better Ampere Stability
- 05 Advanced IGBT inverter technology, excellent Arc Stability, hot start, anti-sticking & forces adjust

MMA 250 PRO - S4 Model Specification

| | | | |
|----------------------|-----------|-----------------------|-------------|
| Power Supply | 220 ± 15% | Insulation Class | F |
| Input Frequency (Hz) | 50 / 60 | Protection Degree | IP 21S |
| No-Load Voltage (V) | 65 | Weight (kg) | 8 |
| Output Current (A) | 20 - 250 | Diameter of rod (mm) | 1.6 - 4.0 |
| Input Power Capacity | 7 Kw | Dimension (L x W x H) | 445X200X360 |
| Duty Cycle (%) | 80 | | |
